Appendix B

ONRR Lease, Unit, or Communization Number

ONRR assigns a 10-or11-character lease, unit, or communitization number identifying each Federal or Indian mineral lease.

B.1 ONRR Lease Conversion

The components of the lease number are assigned as follows:

ONRR prefix	Lease identifier	Lease segregation code
999	999999	XX
Example:		
054	012345	0

*NOTE: The number **9** denotes numbers; the letter **X** denotes letters or numbers.*

Issuing agency lease prefix. A prefix assigned by BLM, BIA, or a BOEM/BSEE office is converted to an ONRR three-digit prefix.

To convert an offshore lease prefix, see Offshore Lease Prefixes on page B-5. To convert an onshore lease prefix, see Onshore Lease Prefixes on page B-5.

Table B-1 is a numerical listing of all valid financial accounting system lease prefixes.

Prefix	Region	Prefix	Region
002	Anchorage	043 [a]	Utah
003	New Mexico	044 [a]	BLM All States
004 [a]	Colorado	045	New Mexico
005	Colorado	046 [a]	Utah
006	California	047 [a]	New Mexico
007 [a]	Nevada	048	Wyoming
010	Washington	049	Wyoming
011	Arizona	050 [a]	Wyoming
016	Idaho	053	Montana
024	Montana	054	OCS-Gulf of Mexico
025 [a]	Montana	055	OCS
027	Nevada	056	OCS-Middle Atlantic
029	New Mexico	057	OCS-South Atlantic
030	New Mexico	058	OCS-North Atlantic
033	North Dakota	059	Montana

532	Indian/Utah	623	Indian/New Mexico
535	Indian/Wyoming	634	Indian/Wyoming
536	Indian/Montana	714	Indian/New Mexico
537	Indian/Montana	801	Dept. of Secretary
		883	North Dakota
		884	North Dakota

" Indicates a prefix used for acquired lands.

Lease identifier. If the number originally assigned is fewer than six digits, ONRR converts the BLM or BIA onshore or OMM offshore serially assigned lease identifier by preceding the number with zeros to form a six-digit number.

Lease segregation code. The last character of the ONRR lease, unit, or communitization number is a BLM- or BIA-assigned alphabetic suffix to the lease number when the lease

was segregated from an existing lease because of an approved assignment. For units, each PA is assigned an alphabetic character for this field during conversion. If the lease has not been segregated by assignment, the code is zero (**0**). If the unit is an exploratory unit, the code is **X**.

B.1.1 Offshore Lease Prefixes

Table B-2 contains information necessary for determining your correct prefix based on the offshore region from which the lease was issued.

TABLE B-2 Lease prefix conversions for offshore

ONRR issuing office	OCS prefix	ONRR financial accounting system prefix
Alaska	OCS-Y	111
Atlantic:		
Middle	OCS-MA	056
South	OCS-SA	057
North	OCS-NA	058
Gulf of Mexico	OCS-G	054
	OCS	055
Pacific	OCS-P	088

B.1.2 Onshore Lease Prefixes

Leases issued by BLM between July 1, 1908, and June 30, 1966, are designated **0** series leases and are distinguished by a zero as the first digit of the lease body. All other leases are called **X** series leases. For example, a **0** series lease might be W-047659; the same serial number issued as an **X** series would be W-47659.

The following example illustrates how a BLM lease number is converted to a financial accounting system lease number.

BLM Lease No. W-47659

	Wyoming X series converts to	Add leading 0 to accommodate financial accounting system data element size of 6 digits	Add suffix of 0 if no other is indicated
Financial accounting system lease number	049	47659	0

Table B-3 contains lease prefix conversions for onshore sorted by BLM State office and ONRR prefix.

TABLE B-3. Lease prefix conversions for onshore

BLM State office	Surface Agency prefix	ONRR financial accounting system prefix

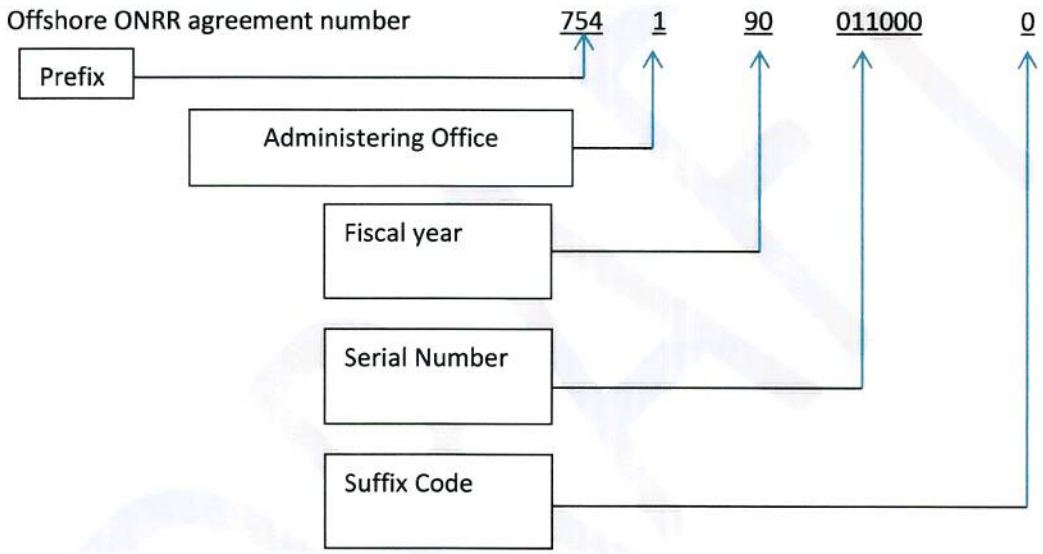
[a] At various times in the past, Kansas leases were administered by BLM in Colorado, New Mexico, and Wyoming. All Kansas leases are now administered by the New Mexico BLM.

B.2 Unit or Communization Conversions

This section contains information on and tables for converting offshore and BLM agreement numbers to the ONRR agreement numbers.

B.2.1 Offshore Agreement Conversion

The following schematic, text, and Table B-4 explain the offshore ONRR agreement conversion prefixes.



Prefix. This is a pre-assigned code unique to each administering office.

Administering office. This one-digit block identifies the offshore administering office.

Code	Office
1	Alaska OCS Region
2	Atlantic OCS Region
3	Gulf of Mexico OCS Region
4	Pacific OCS Region

Fiscal year. The fiscal year must be used in converting an offshore agreement number to the financial accounting system because it is the only distinguishing number from year to year.

Serial number. Each fiscal year, the offshore regional offices start numbering agreements beginning with the number 001.

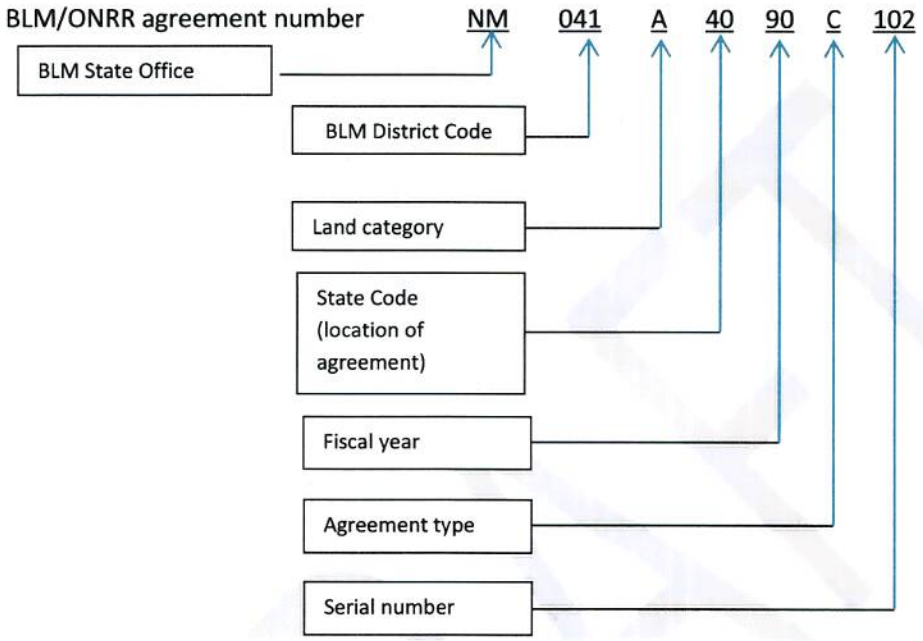
Suffix code. The last two characters of the ONRR unit or communization number are a code assigned by BOEM/BSEE, BLM, or BIA to the unit number when the unit is first approved and/or has formed a new PA. Each new PA is assigned a letter for this field, usually an A; however, all old offshore units were originally assigned a code zero (**0**). If the unit is an exploratory unit, the code is **X.** When only one character exists, the field must be left-justified when the second character is blank.

TABLE B-4. Offshore agreement prefix conversions

ONRR Financial accounting system agreement prefix	ONRR OCS agreement number	ONRR OCS region	Communitization or unit agreement
750-	1(FY)(Serial #)	Alaska OCS Region	C, U
752-	2(FY)(Serial #)	Atlantic OCS Region	C, U
754-	3(FY)(Serial #)	Gulf of Mexico OCS Region	C, U
756-	4(FY)Serial #)	Pacific OCS Region	C, U
891-	14-08-0001	All Regions	U

B.2.2 Onshore Agreement Conversion

The following schematic and text explain the onshore agreement conversions for agreements issued prior to January 1, 1988.



BLM State Office. This block is the two-letter abbreviation for the BLM State Office that has administrative jurisdiction over the agreement.

BLM district code. This block is a numeric code for the BLM district office that approved the agreement. *NOTE: As part of an organizational restructuring in the 1996=1997 timeframe, BLM redesignated its District offices as Field Offices or Field Stations.*

Land category. On a Federal agreement, the land category may vary as follows:

P = public domain
A = acquired land
M = military land

On an Indian agreement, the land category is always I (Indian).

NOTE: If an agreement contains more than one category of land, BLM assigns the prefix according to which category has the highest percentage of land in that agreement.

State code. This block is a numeric code representing the State in which the agreement is physically located. Most districts operate in only one State, so the State code remains constant. However, some BLM districts have responsibility for more than one State. In these instances, the various States for which that district is responsible are listed in the Variables column of Table B-7 on page B-??.

Fiscal year. The fiscal year must be used when converting a BLM agreement number to a financial accounting system number. At the beginning of each fiscal year, BLM starts renumbering from the beginning of its block of serial numbers, so the only distinguishing number from year to year is the fiscal year. The Federal fiscal year begins on October 1 and ends on September 30.

Agreement type. The agreement type may vary as follows:

C = communization agreement
U = unitization agreement

Federal communization agreements and units are assigned separate prefixes for each BLM district office. However, Indian communitization agreements and units have been combined under a single prefix for each BLM district. Therefore, an Indian agreement prefix may be either C (CA) or U (UA).

Serial number. Each State has been issued a block of numbers for use in assigning serial numbers. Each fiscal year, BLM starts numbering agreements from the beginning of its block of numbers.

For onshore agreements issued after January 1, 1988, ONRR began using the BLM numbering system. You may report either the ONRR agreement number or the agency-assigned agreement number; however, as you can see, it might be easier for you to use the agency-assigned number because there are no embedded spaces in the number.

	BLM number on agreement document	ONRR agreement number[a]	Agency-assigned agreement number
One-letter prefix: Communitization agreement	C-53211	C--53211	C53211
Unit agreement	C-53211X	C---53211X	C53211X
Two-letter prefix: Communitization agreement	NM-83541	NM--83541	NM83541
Unit agreement	NM-83541A	NM—83541A	NM83541A

[a]'-'represents a space for illustration only on ONRR agreement number.

Because of system restrictions, BLM **compensatory royalty agreement** numbers must be converted to ONRR lease numbers using the **889**-prefix, the BLM base agreement number, and **-0** suffix.

BLM State and district office codes and State codes. Table B-5 lists the state codes used in the API well number.

Onshore agreement prefix conversions. Table B-7 lists the ONRR prefixes that convert to the BLM agreement prefixes.

TABLE B-5. BLM State and District Offices

State	District	Code	State	District	Code
Alaska (AK)	Anchorage	AK 010	New Mexico	Albuquerque	NM 011
