**Instructions and Examples for Automated Clearing House
(ACH) Payments in CCD+ Format**

You have the ability to remit your payments to ONRR through the Automated Clearing House (ACH) network using the CCD+ format. Your bank will prepare the ACH payment based on your instructions, and then transfer the funds to ONRR's bank account. ACH payments require overnight batch processing by the banking industry, which will delay the receipt of funds by ONRR. Check with your bank to understand how long it will take for ONRR to receive an ACH payment, and make sure to time your transfers to meet payment deadlines.

You are required to prepare a separate report and payment for each payor code. In addition, you are required to prepare a **separate report and payment for Federal and Indian leases**. A separate ACH transaction is required for each document (report) being paid.

Each ACH payment should contain an addenda record using an ONRR proprietary record layout that identifies your payor code, the document being paid, Federal or Indian identification, and, if Indian, a tribal Distributee/Fund Code. Addenda record descriptions and payment examples are attached.

All ACH CCD+ payments for ONRR must be sent to the following bank and account:

Bank Name:	CASH LINK-ACH RECEIVER
City, State:	Riverdale, Maryland
RTN (Routing Number):	051036706
Receiver Name:	Office of Natural Resources Revenue
Account Number:	220037
Record Type Code:	6
Transaction Code:	22
Addenda Indicator:	1 [This indicates an Addenda Record is attached; you <i>must</i> attach an Addenda Record.]
