**Instructions and Examples of Automated Clearing House (ACH)
Payments to ONRR in CCD+ Format**

You may remit payments to ONRR through the Automated Clearing House (ACH) network using the CCD+ format. Your bank will prepare ACH payments based on your instructions, then transfer your funds to ONRR's account. ACH payments require overnight batch processing by the banking industry, which delays the deposit of funds and the receipt of deposit information by ONRR. Check with your bank to find out how long it will take for ONRR to receive an ACH payment, and make sure to time your transfers to meet payment deadlines.

- You are required to prepare a separate report and payment for each payor code.
- You are required to prepare a separate report and payment for Federal and Indian leases.
- You are required to prepare a separate ACH transaction for each document (report) you pay.
- Each ACH payment must contain an addenda record that follows an ONRR proprietary record layout. The addenda record identifies your payor code, the document being paid, a Federal or Indian identification, and, if Indian, a tribal Distributee/Fund Code. Follow the addenda record descriptions and payment examples on pages 2-4.

Send all ACH CCD+ payments for ONRR to the following bank and account:

Bank Name:	CASH LINK-ACH RECEIVER
City, State:	Riverdale, Maryland
RTN (Routing Number):	051036706
Receiver Name:	Office of Natural Resources Revenue
Account Number:	220037
Record Type Code:	6
Transaction Code:	22
Addenda Indicator:	1 [This indicates an Addenda Record is attached; you <i>must</i> attach an Addenda Record.]

For contact information and additional ACH related questions not answered above, please refer to ONRR's *Payments* page at: <http://www.onrr.gov/ReportPay/payments.htm>.
