

Southall, Armand <armand.southall@onrr.gov>

Coal companies pay the true royalty for coal to the people.

The loophole that allows coal companies to first sell coal to themselves and pay the royalty to the people on the price they pay us should be closed. They turn around and sell the coal at a higher price much higher than they paid for OUR coal to power plants or other sources for a higher price.

We the people let them sell OUR coal without paying us the royalty that we deserve. Please put this practice to an end. Thanks.

Duane Keown, Professor Emeritus, Science Education, University of Wyoming
