Missing

➤ What is a Missing Exception:

- You have one well, multiple wells, or an entire contract which has not been reported to ONRR for a particular production month/year.

➤ When do Missing Exceptions generate?

- Missing Exceptions generate the first Monday following the first full weekend of a month.

➤ When to stop reporting? (ABD, P+A or Termination of contract)

- You must report the abandonment, then you may stop future reporting for that well.
- If a contract terminates, contact your Production Analyst for further guidance.

Missing

- Who is responsible for reporting Missing Exceptions once the property is sold?
 - New operator or previous operator?

- How are Missing Exceptions communicated to the operator? (By Analyst “courtesy” or system generated)

- What reports are in Data Warehouse portal / WebCenter Portal for Operators?

Understanding your Missing Report

➤ Understanding the missing report you receive.

- “Well” verses “OGOR” line.

Name	Oper	BLM	System ID	Type	Prodn Date	Agency L/A	MMS L/A	API	T	CC	FollowUp Actn	Status	Created
OIL SLICK ENERGY	K9933	FE	MEX102544916	OGOR	12/31/2018	NMNM0882	290008820				95	OPEN	4/5/2019 22:43
OIL SLICK ENERGY	K9933	FE	MEX102545065	WELL	12/31/2018	NMSF333307	82333307	300392548500	D	02	95	OPEN	4/5/2019 22:43

➤ Follow up Action Codes:

- 95 - Sent Non-Receipt of Production Information – This is pulled off Data Warehouse.
- 01 – New and unworked missing getting ready to hit the system. (Only well information is indicated until missing is run)

COC 86	069(860	10/2011	051	100S01 523-14-298	11	01

Why is it missing

- ✓ Operator change
 - ✓ Well moved to a different lease/agreement
 - ✓ Well no longer in BLM or BSEE database
 - ✓ ONRR may have an OGOR or Well document on hold.
 - ✓ Are the wells shut-in or temporarily abandoned?
 - ✓ If the exception is for a well, does the well belong on this lease/agreement?
- Just because the Missing Exception Report shows a missing OGOR or WELL, it does not necessarily mean it is a valid missing exception.

Failure to Comply

- What is failure to comply mean?
 1. You have failed to file missing production reports OR correct existing production reports.
 2. You have ignored correspondence from your production analyst.
 3. You have not taken corrective actions either with BLM or ONRR to resolve your missing.
 4. You have not adhered to the Order to Report (OTR)
 - This will be going away except for correction
 - ONRR will go straight to Notice of Noncompliance

Notice of Noncompliance (NONC)

Last Action!

- What is the Notice of Noncompliance (NONC)?
 - Last action your analyst will take to get the reports submitted
 - This is a legal process handled by our Enforcement Office
 - This is out of the hands of your production analyst
 - If you do not correct all the violations identified in the NONC within 30 days after the date on which you are served the NONC penalties will start on day 31 going back to day 1
 - Enforcement analyst will attempt to reach out to you for assistance
 - If all else fails case will be sent to treasury for additional action
- Penalties
 - ONRR is authorized by Section 109 of the Federal Oil and Gas Royalty Management Act of 1982 (FOGRMA) and 30 CFR §1241.52, to assess civil penalties of up to \$1,251 per line per day (\$12,519 per line per day after **40 days**).

Avoid the Legal Process

COMMUNICATION - a process by which information is exchanged between individuals through a common system of symbols, signs, or behavior”
