(B) an instrumentality or authority of a State or States as defined in subparagraph (A) of this paragraph (1) and a Federal-State authority or instrumentality;
(2) local government means
(A) any political subdivision, instrumentality, or authority of a State or States as defined in subparagraph (A) of paragraph (1);

(3) Federal agency means an Executive agency, military department, a court of the United States, the Administrative Office of the United States Courts, the Library of Congress, the Botanic Garden, the Government Printing Office, the Congressional Budget Office, the United States Postal Service, the Postal Regulatory Commission, the Office of the Architect of the Capitol, the Office of Technology Assessment, and such other similar agencies of the legislative and judicial branches as determined appropriate by the Office of Personnel Management; and
(4) other organization means
(A) a national, regional, State-wide, area-wide, or metropolitan organization representing member State or local governments;
(B) an association of State or local public officials;
(C) a nonprofit organization which has as one of its principal functions the offering of professional advisory, research, educational, or development services, or related services, to governments or universities concerned with public management; or

Sec. 3372 - General provisions
(a) On request from or with the concurrence of a State or local government, and with the consent of the employee concerned, the head of a Federal agency may arrange for the assignment of
(1) an employee of his agency, other than a noncareer appointee, limited term appointee, or limited emergency appointee (as such terms are defined in section 3132 (a) of this title) in the Senior Executive Service and an employee in a position which has been excepted from the competitive service by reason of its confidential, policy-determining, policy-making, or policy-advocating character, to a State or local government; and
(2) an employee of a State or local government to his agency;
for work of mutual concern to his agency and the State or local government that he determines will be beneficial to both. The period of an assignment under this subchapter may not exceed two years. However, the head of a Federal agency may extend the period of assignment for not more than two additional years. In the case of assignments made to Indian tribes or tribal organizations as defined in section 3371(2)(C) of this subchapter, the head of an executive agency may extend the period of assignment for any period of time where it is determined that this will continue to benefit both the executive agency and the Indian tribe or tribal organization. If the assigned employee fails to complete the period of assignment and there is another employee willing and available to do so, the Secretary may assign the employee to complete the period of assignment and may execute an agreement with the tribal organization with respect to the replacement employee. That agreement may provide for a different period of assignment as may be agreed to by the Secretary and the tribal organization.

(b) This subchapter is authority for and applies to the assignment of
   (1) an employee of a Federal agency to an institution of higher education;
   (2) an employee of an institution of higher education to a Federal agency;
   (3) an employee of a Federal agency to any other organization; and
   (4) an employee of an other organization to a Federal agency.

(c) (1) An employee of a Federal agency may be assigned under this subchapter only if the employee agrees, as a condition of accepting an assignment under this subchapter, to serve in the civil service upon the completion of the assignment for a period equal to the length of the assignment.

   (2) Each agreement required under paragraph (1) of this subsection shall provide that in the event the employee fails to carry out the agreement (except for good and sufficient reason, as determined by the head of the Federal agency from which assigned) the employee shall be liable to the United States for payment of all expenses (excluding salary) of the assignment. The amount shall be treated as a debt due the United States.

(d) Where the employee is assigned to a tribal organization, the employee shall be eligible for promotions, periodic step-increases, and additional step-increases, as defined in chapter 53 of this title, on the same basis as other Federal employees.

(e) Under regulations prescribed pursuant to section 3376 of this title
   (1) an assignment of an employee of a Federal agency to an other organization or an institution of higher education, and an employee so assigned, shall be treated in the same way as an assignment of an employee of a Federal agency to a State or local government, and an employee so assigned, is treated under the provisions of this subchapter governing an assignment of an employee of a Federal agency to a State or local government, except that the rate of pay of an employee assigned to a federally funded research and development center may not exceed the rate of pay that such employee would be paid for continued service in the position in the Federal agency from which assigned; and
   (2) an assignment of an employee of an other organization or an institution of higher education to a Federal agency, and an employee so assigned, shall be treated in the same way as an assignment of an employee of a State or local government to a Federal agency, and an employee so assigned, is treated under the provisions of this subchapter governing an assignment of an employee of a State or local government to a Federal agency.

Sec. 3373 - Assignment of employees to State or local governments
(a) An employee of a Federal agency assigned to a State or local government under this subchapter is deemed, during the assignment, to be either
   (1) on detail to a regular work assignment in his agency; or
   (2) on leave without pay from his position in the agency.
An employee assigned either on detail or on leave without pay remains an employee of his agency. The Federal Tort Claims Act and any other Federal tort liability statute apply to an employee so assigned. The supervision of the duties of an employee on detail may be governed by agreement between the Federal agency and the State or local government concerned.

(b) The assignment of an employee of a Federal agency either on detail or on leave without pay to a State or local government under this subchapter may be made with or without reimbursement by the State or local government for the travel and transportation expenses to or from the place of assignment and for the pay, or supplemental pay, or a part thereof, of the employee during assignment. Any reimbursements shall be credited to the appropriation of the Federal agency used for paying the travel and transportation expenses or pay.

(c) For any employee so assigned and on leave without pay

(1) if the rate of pay for his employment by the State or local government is less than the rate of pay he would have received had he continued in his regular assignment in the agency, he is entitled to receive supplemental pay from the agency in an amount equal to the difference between the State or local government rate and the agency rate;

(2) he is entitled to annual and sick leave to the same extent as if he had continued in his regular assignment in the agency; and

(3) he is entitled, notwithstanding other statutes

(A) to continuation of his insurance under chapter 87 of this title, and coverage under chapter 89 of this title or other applicable authority, so long as he pays currently into the Employees Life Insurance Fund and the Employees Health Benefits Fund or other applicable health benefits system (through his employing agency) the amount of the employee contributions;

(B) to credit the period of his assignment under this subchapter toward periodic step-increases, retention, and leave accrual purposes, and, on payment into the Civil Service Retirement and Disability Fund or other applicable retirement system of the percentage of his State or local government pay, and of his supplemental pay, if any, that would have been deducted from a like agency pay for the period of the assignment and payment by the Federal agency into the fund or system of the amount that would have been payable by the agency during the period of the assignment with respect to a like agency pay, to treat his service during that period as service of the type performed in the agency immediately before his assignment; and

(C) for the purpose of subchapter I of chapter 85 of this title, to credit the service performed during the period of his assignment under this subchapter as Federal service, and to consider his State or local government pay (and his supplemental pay, if any) as Federal wages. To the extent that the service could also be the basis for entitlement to unemployment compensation under a State law, the employee may elect to claim unemployment compensation on the basis of the service under either the State law or subchapter I of chapter 85 of this title.

However, an employee or his beneficiary may not receive benefits referred to in subparagraphs (A) and (B) of this paragraph (3), based on service during an assignment under this subchapter for which the employee or, if he dies without making such an election, his beneficiary elects to receive benefits, under any State or local government retirement or insurance law or program, which the Office of Personnel Management determines to be similar. The Federal agency shall deposit currently in the Employees Life Insurance Fund, the Employees Health Benefits Fund or other applicable health benefits system, respectively, the amount of the Governments contributions on account of service with respect to which employee contributions are collected as provided in subparagraphs (A) and (B) of this paragraph (3).

(d) An employee so assigned and on leave without pay who dies or suffers disability as a result of personal injury sustained while in the performance of his duty during an assignment under this subchapter shall be treated, for the purpose of subchapter I of chapter 81 of this title, as though he were an employee as defined by section 8101 of this title who had sustained the injury in the performance of duty. When an employee (or his dependents in case of death)
entitled by reason of injury or death to benefits under subchapter I of chapter 81 of this title is also entitled to benefits from a State or local government for the same injury or death, he (or his dependents in case of death) shall elect which benefits he will receive. The election shall be made within one year after the injury or death, or such further time as the Secretary of Labor may allow for reasonable cause shown. When made, the election is irrevocable unless otherwise provided by law.

(2) An employee who elects to receive benefits from a State or local government may not receive an annuity under subchapter III of chapter 83 of this title and benefits from the State or local government for injury or disability to himself covering the same period of time. This provision does not

(A) bar the right of a claimant to the greater benefit conferred by either the State or local government or subchapter III of chapter 83 of this title for any part of the same period of time;

(B) deny to an employee an annuity accruing to him under subchapter III of chapter 83 of this title on account of service performed by him; or

(C) deny any concurrent benefit to him from the State or local government on account of the death of another individual.

Sec. 3374 - Assignments of employees from State or local governments

(a) An employee of a State or local government who is assigned to a Federal agency under an arrangement under this subchapter may

(1) be appointed in the Federal agency without regard to the provisions of this title governing appointment in the competitive service for the agreed period of the assignment; or

(2) be deemed on detail to the Federal agency.

(b) An employee given an appointment is entitled to pay in accordance with chapter 51 and subchapter III of chapter 53 of this title or other applicable law, and is deemed an employee of the Federal agency for all purposes except

(1) subchapter III of chapter 83 of this title or other applicable retirement system;

(2) chapter 87 of this title; and

(3) chapter 89 of this title or other applicable health benefits system unless his appointment results in the loss of coverage in a group health benefits plan the premium of which has been paid in whole or in part by a State or local government contribution.

The above exceptions shall not apply to non-Federal employees who are covered by chapters 83, 87, and 89 of this title by virtue of their non-Federal employment immediately before assignment and appointment under this section.

(c) During the period of assignment, a State or local government employee on detail to a Federal agency

(1) is not entitled to pay from the agency, except to the extent that the pay received from the State or local government is less than the appropriate rate of pay which the duties would warrant under the applicable pay provisions of this title or other applicable authority;

(2) is deemed an employee of the agency for the purpose of chapter 73 of this title, the Ethics in Government Act of 1978, section 27 of the Office of Federal Procurement Policy Act, sections 203, 205, 207, 208, 209, 602, 603, 606, 607, 643, 654, 1905, and 1913 of title 18, sections 1343, 1344, and 1349 (b) of title 31, and the Federal Tort Claims Act and any other Federal tort liability statute; and

(3) is subject to such regulations as the President may prescribe.

The supervision of the duties of such an employee may be governed by agreement between the Federal agency and the State or local government concerned. A detail of a State or local government employee to a Federal agency may be made with or without reimbursement by the Federal agency for the pay, or a part thereof, of the employee during the period of assignment, or for the contribution of the State or local government, or a part thereof, to employee benefit systems.
(d) A State or local government employee who is given an appointment in a Federal agency for the period of the assignment or who is on detail to a Federal agency and who suffers disability or dies as a result of personal injury sustained while in the performance of his duty during the assignment shall be treated, for the purpose of subchapter I of chapter 81 of this title, as though he were an employee as defined by section 8101 of this title who had sustained the injury in the performance of duty. When an employee (or his dependents in case of death) entitled by reason of injury or death to benefits under subchapter I of chapter 81 of this title is also entitled to benefits from a State or local government for the same injury or death, he (or his dependents in case of death) shall elect which benefits he will receive. The election shall be made within 1 year after the injury or death, or such further time as the Secretary of Labor may allow for reasonable cause shown. When made, the election is irrevocable unless otherwise provided by law.

(e) If a State or local government fails to continue the employers contribution to State or local government retirement, life insurance, and health benefit plans for a State or local government employee who is given an appointment in a Federal agency, the employers contributions covering the State or local government employees period of assignment, or any part thereof, may be made from the appropriations of the Federal agency concerned.

**Sec. 3375 - Travel expenses**

(a) Appropriations of a Federal agency are available to pay, or reimburse, a Federal or State or local government employee in accordance with

1) subchapter I of chapter 57 of this title, for the expenses of
   (A) travel, including a per diem allowance, to and from the assignment location;
   (B) a per diem allowance at the assignment location during the period of the assignment; and
   (C) travel, including a per diem allowance, while traveling on official business away from his designated post of duty during the assignment when the head of the Federal agency considers the travel in the interest of the United States;

2) section 5724 of this title, for the expenses of transportation of his immediate family and of his household goods and personal effects to and from the assignment location;

3) section 5724a(a) of this title, for the expenses of per diem allowances for the immediate family of the employee to and from the assignment location;

4) section 5724a(c) of this title, for subsistence expenses of the employee and his immediate family while occupying temporary quarters at the assignment location and on return to his former post of duty;

5) section 5724a(g) of this title, to be used by the employee for miscellaneous expenses related to change of station where movement or storage of household goods is involved; and

6) section 5726(c) of this title, for the expenses of nontemporary storage of household goods and personal effects in connection with assignment at an isolated location.

(b) Expenses specified in subsection (a) of this section, other than those in paragraph (1)(C), may not be allowed in connection with the assignment of a Federal or State or local government employee under this subchapter, unless and until the employee agrees in writing to complete the entire period of his assignment or one year, whichever is shorter, unless separated or reassigned for reasons beyond his control that are acceptable to the Federal agency concerned. If the employee violates the agreement, the money spent by the United States for these expenses is recoverable from the employee as a debt due the United States. The head of the Federal agency concerned may waive in whole or in part a right of recovery under this subsection with respect to a State or local government employee on assignment with the agency.

(c) Appropriations of a Federal agency are available to pay expenses under section 5742 of this title with respect to a Federal or State or local government employee assigned under this subchapter.
