Mountain Hawk Energy, LLC Assessed Civil Penalty *ONRR Cites Company for Failure to Report*

DENVER – The Department of the Interior’s Office of Natural Resources Revenue (ONRR) announced today that it has issued a civil penalty of \$107,256 to Mountain Hawk Energy, LLC.

“Accurate and timely information concerning oil and gas production from federal and American Indian leases is essential for ONRR to protect American taxpayer and American Indian lessor assets,” said ONRR Director Greg Gould. “It is unacceptable for energy companies to fail to report production as required by law.”

A Notice of Non-Compliance was issued February 12, 2016 for failure to report production on Oil and Gas Operations Reports for numerous Federal properties. Mountain Hawk Energy failed to comply with this notice and file the appropriate reports in accordance with ONRR regulations.

Mountain Hawk Energy, LLC has offices in Athens, TX.

The Office of Natural Resources Revenue, part of the Department’s Office of Policy, Management and Budget, is responsible for and the collection, disbursement and verification of revenues from energy production that occurs onshore on Federal and American Indian lands, and offshore on the Outer Continental Shelf. During Fiscal Year 2015, the agency disbursed more than \$9.8 billion to states, American Indian Tribes, individual Indian mineral owners, and to various Federal accounts, including the U.S. Treasury, the Land and Water Conservation Fund, and the Reclamation Fund.
