TO ALL OFFSHORE OPERATORS

Dear Operator:

Attached for your information is a list of Facility Measurement Point (FMP) numbers, which have been assigned to flash gas measurement locations in the Gulf of Mexico OCS Region (GOMR). These locations are royalty-determination points. If you are being allocated flash gas from one of these locations, the appropriate FMP number should be reported on the OGOR-B form. Use disposition code "Ø1" (Direct Sales - Subject to Royalty) along with the allocated volume and Btu from the oil/condensate pipeline statement.

If you have any questions, please contact Mr. Kirk Kirchhoff at 800-548-3094 or 303-969-6246.

Si ncerel y,
